

21 September 2021

Dear Parents and Guardians

Please find attached a letter and some information from NHS England regarding Covid vaccinations for 12-15 year olds. NHS England staff will be coming to Notre Dame next Monday (27<sup>th</sup> September) to administer vaccines for those 12 to 15 year olds whose parents have given consent.

We have been asked to collate responses about consent for the NHS England staff. You will see that the consent form asks you either to indicate that you do or do not give consent, so it is important that we get a return from everybody, with one choice or the other.

We have attached an electronic copy of the consent form with this message, but NHS England staff need paper copies to be given to them. We have therefore also given each 12-15 year old student a paper copy of the consent form so please ask your child(ren) for that to save you having to print a copy off. You should ask your child to hand back the consent form to their form tutor by Friday this week so that we can collate the responses to hand over to the NHS England Team on Monday.

We will run things as we do for other vaccination programmes delivered in school, with school staff alerting groups of students whose parents have consented when it is their time to go and get their vaccine.

Yours sincerely

Mr S Davies
