

French Curriculum Plan

Intent: We aim to provide students with the opportunity to develop their communication skills and seek to break down barriers between different cultures and languages. Students study topics and themes that allow them to develop their oral and written literacy and to see links between their own language/community and those of others, but also to develop as more confident individuals and as global citizens who are successfully able to work, travel and navigate through the global community and work market.

Year	What will students learn?	Rationale	How will students be assessed?	What links are made to the real world, to careers, and to developing the skills of our students so that they become better linguists?
7	<p>Introductions C'est perso – talking about yourself Mon college – my school Mes passetemps – free time Ma Zone – my region</p>	<p>The Y7 course focuses on pupils being able to give key information about themselves and their lives. We start off by looking at / recapping from KS2 introductory phrases in French (greetings, saying your name, age, birthdays, alphabet, family and pets) before we start the Studio course, in order to ensure that all pupils have the same foundation knowledge.</p> <p>The Studio course progresses from these basic by focusing in the first module on talking about yourself (likes and dislikes, personality, physical description), then we move onto describing your school. In M3 we talk about pupils' hobbies and free time (sports and technology), then in M4 describing their town and what there is to do there.</p>	<p>Baseline assessment – adapting a short-written dialogue (in first weeks)</p> <p>Vocab test on numbers</p> <p>3 vocab tests per module</p> <p>A small mid-module assessment and an End of Module assessment for each module: M1 Speaking / Reading M2 Translation / Listening M3 Multiple-choice quiz / Writing M4 Tangled translation</p>	<p>We develop the key languages skills of listening, speaking, reading, writing and translation. Pupils develop the ability to accurately apply sound-spelling correlations via an understanding of key phonics, so that they can apply their understanding to new unfamiliar words / phrases. Behind each topic there is a strong emphasis on grammar. Pupils learn to talk about and use grammatical terms accurately, and this helps to develop their understanding and application of English.</p>

		<p>These topics allow us to cover the necessary basics of grammar as well as the skills of listening, speaking, reading, writing and translation. We focus on the key phonics that we meet to allow pupils to understand and apply sound-spelling correlations. In the first term we look at the definite and indefinite article, sentence building using basic connectives, the first and third person of avoir and être, and adjectival agreement. Over the rest of the year we continue to focus on sentence formation, how to develop from simple to extended sentences, with good use of justified opinions. We learn to form regular -er verbs in the present tense, and we also meet the verbs faire and aller as well as the phrase “il y a”.</p>		<p>We prepare pupils to be able to communicate with others in their own tongue and to understand other communities, preparing them for future opportunities in a global world. Pupils learn about families in French-speaking communities, what school is like, what are popular hobbies in the French-speaking world and about towns and cities in French-speaking countries.</p>
8	<p>T’es branché? – hobbies Paris, je t’adore – a trip to Paris Mon identité – talking about yourself Chez Moi, chez toi - home</p>	<p>The Y8 course continues from Y7, but with an added emphasis on talking and writing in different time frames. Again, our topics allow us to reinforce and build up pupils’ knowledge of grammar as well as to develop the skills of listening, speaking, reading, writing and translation. We focus again on the key phonics that we meet to allow pupils to understand and apply sound-spelling correlations.</p> <p>In Studio 2 we start by looking at more detailed content related to hobbies (films, TV, books, IT). At this point we introduce ir and re verbs in the present tense, and we also start to see the past (perfect) tense. In the second module the past</p>	<p>Revision quiz on Y7 content (first weeks)</p> <p>3 vocab tests per module</p> <p>A small mid-module assessment and an End of Module assessment for each module: M1 Listening / Speaking M2 Translation / Reading M3 Multiple-choice quiz / Writing M4 Tangled translation</p>	<p>We develop the key languages skills of listening, speaking, reading, writing and translation.
